

滙港資訊全方位更新產品服務， 達到「低延時、高效能」支援「滬港通」

距離10月「滬港通」正式登場的時間已經非常貼近，相關概念股亦相繼受市場關注，加上港匯續強及資金持續流入大市，港交所股價也創出「五連升」的強勢，大市投資氣氛日趨高漲。

「滬港通」令兩地投資者對資訊的流通性尤其重視，故業界不論對前線交易平台、網上財經資訊以及股票報價系統抱有更高的期望。

故此，滙港資訊已準備了「雙子星」一站式方案，
全方位協助券商客戶應付當前挑戰及商機。

InvesTrade 「雙子星」

「雙子星」是全新的一站式證券交易平台，兼容港交所「領航星」計劃及「滬港通」市場交易機制。

滙港資訊將「滬港通」元素融入現有系統，
並已準備為券商提供全面及強化的更新服務。

滙港資訊更全面更新其他產品及服務，
給客戶提供上海交易所「A股」市場資訊。

Infocast "Low-Latency & High-Performance" Upgrade for "Shanghai-Hong Kong Stock Connect"

The "Shanghai-Hong Kong Stock Connect" is scheduled to launch this October. The market response has been positive; related stocks have gained, HKEx share price has steadily trended upward, and the HKMA's buying of USD indicates 'hot money' flowing into Hong Kong's equity market.

Investors emphasize the importance of information liquidity from "Shanghai-Hong Kong Stock Connect". Market participants are seeking to offer the best trading experience across front-line trading systems, web-based content and real-time stock quotation.

Infocast has already prepared the InvesTrade solution to assist brokerages to capture opportunities and overcome challenges.

InvesTrade

All-in-one trading solution which is compatible with HKEx Orion and Shanghai-Hong Kong Stock Connect.

The following Infocast products have been upgraded with Shanghai Stock Exchange A-Shares market information:

iInvestor

Real-time market data and financial news service

iMedia

Real-time stock and financial information service embedded with multi-media content

iPortal

Real-time financial news, listed company information & warrant information for clients' websites

iInvestor API

Real-time securities information via exchange market data feed

Infocast Mobility

Smartphone application versions of real-time stock and financial information service
